Career Objective

Aspiring entrepreneur and passionate web developer with expertise in HTML, CSS, JavaScript. Skilled in building interactive projects and leading teams to create impactful solutions. Currently developing DevColl, a platform for developer collaboration, with a strong focus on UI/UX and product strategy. Seeking opportunities to contribute innovative ideas, enhance technical skills and build scalable products.

Hard Skills

frentend: HTML, CSS, Javascript

Designing: UI/UX

Tools & platform : VS code, Github, figma

soft skills

- communication & collaboration
- leadership & team management

Projects

1.Devcoll-Developer Developer collaboration

Tech stack:no code tools(for prototype), UI/UX(figma), cloud(AWS)

- Leading a team of four to build DevColl, a platform where developers can post projects, collaborate and network
- Designed an Instagram-style UI with Twitter/X color grading for an engaging user experience.
- Gathering feedback from students and teachers to refine the platform.
- Marketing Strategy: Leveraging content creators, social media ads, and classroom promotions.

2.Interactive Web Games (quiz, color)

Tech stack:HTML, CSS, JavaScript

Developed two engaging games:
- Quiz Game: Features real-time score tracking and ChatGPT integration for enhanced interaction.
- Find the Colour Game: An interactive color-based challenge with timers, scoring system and smooth UI.

Achievements

1.Secured 4th place in a hackathon among 120+ teams by independently completing the entire project.
2.Secured 21st place in a state-level institute web design competition with a team.

Education

X, Alphores English medium school , machikallu (441/600) 2022-2023

Diploma, Aditya polytechnic college, surampalem (DCME) 2023-2026
